RIERA STUDIO at the celebration of 20 years of HI in Cuba

RIERA STUDIO was invited to the celebration of 20 years of Handicap International - Cuba Program and the presentation of its 2016 Annual Report in which it's included an article about Art Brut Project Cuba, as well as images of our artists' works illustrating other articles. The event also was taken as a platform to launch the new name for this global non-governmental organization: Humanity & Inclusion (HI), which now better describes all its tasks in favor of people living at risk conditions. Thanks to Philippe Martinez, its director in Cuba, for his collaboration with our project.

“Art Brut en Cuba: un espacio para todos” (Art Brut in Cuba: a space for everybody), article included in the Annual Report HI Cuba 2016.

At Art Brut Project Cuba's workshops we support the creative and singular work of a group of artists living with mental conditions. We provide the place and the art supplies for them to work in a pleasant environment. You can also be part on this initiative and become an active contributor to the artistic life of these people donating new or used art materials: colored pencils, crayons, watercolors, gouache, brushes, pencils, pens, markers, drawing notebooks and any other material you wish. If you want to involve yourself and to know in what other ways you can help, just let us know your interest at samuelriera@cubarte.cult.cu

RIERA STUDIO is a Cuban space for exhibitions, reflection and artistic dialogue that recognizes and studies the different dynamics of the peripheral development of art and society. Art Brut Project Cuba, created by RIERA STUDIO, is the only Cuban-based initiative that supports and promotes Art Brut and Outsider Art
